# DJ Bling Foundation

*Education is the passport to the future and every student deserves access to a quality education.*

DJ Bling Foundation was founded in September 2013 by Joseph B. Thompson formerly known as DJ Bling.

Since 2013, DJ Bling Foundation has been instrumental in the fight for making sure every student is prepared for academic success with school supplies, health and dental access, technology access, mentoring, and other resources needed to attain and maintain academic success.

In just over eight years, DJ Bling Foundation has served thousands of Austin area youth and have provided their families with essential resources needed to succeed in academics.

In the coming years DJ Bling Foundation looks to better serve economically disadvantaged students and communities by providing more technology access, investing more in schools and community learning centers, and also making sure that economically disadvantaged communities do not go overlooked.
