

CAPABILITY STATEMENT

SPB BUSINESS SOLUTIONS LLC is a consulting agency dedicated to serving the small business community with an education-first, service-second approach. We specialize in guiding budding entrepreneurs through the business formation process ensuring proper structuring. We also offer comprehensive business development strategies to small business owners facing operational challenges or that have new products or services to introduce to the market by conducting in-depth SWOT analysis, financial projections, business plans, business certifications, federal and state contract bidding support, and product placement. Through our educational webinars, covering topics like Certification 101, Finance 101, and Business Formation 101, we equip business owners with the knowledge and confidence to make informed decisions throughout their business journey.
