

The idea behind the workshop is to create the networking opportunity to learn new things by gathering scientists and experts from industry, academia, and operators in the field of fiber optics and access networks with the motto:

**Come, learn, share, meet and enjoy Valencia**

**You will meet executive, heads, project leaders, and founders of telecommunication companies**

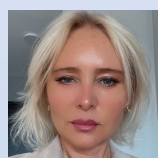

**Tracy Vanik**, Head of Photonics Market Research at EPIC,;

**Jakup Ratkoceri**, Director, FTTx Networks at Technetix,

**Ana González**, Director of Strategic Partnerships at iPRONICS,;

**Vesna Prodnik**  
CEO at VAFER Ltd.

**Cristina Contero Almagro**  
Partner, Aphaia

**Dusko Zutic**,  
Project leader  
Roaming Networks

**Learn from experienced professors:**

**Dr. Gerd Keiser**,  
Boston University &  
PhotonicsComm Solutions

**Dr. Hideaki Kimura**,  
Chubu University,  
Retired Head of Access lab - NTT

**You will be able to hear from OPERATORS: Telefonica S.A., T-2 doo Slovenia, BH Telecom ..**

**Will be known soon**  
Telefonica CA, Spain

**Gorazd Penko**  
Head of Development  
Department, T-2 d.o.o.

**More can be found at [www.foan.info](http://www.foan.info)**

Prof. **Gabriella Cincotti** from the University of Rome, Italy

**Cornel Barbut**, Dare for Digital Infrastructure, Romania ;

Dr. **Shuwen Zeng**, French National Centre for Scientific Research (CNRS), France

**Claudio Porzi**, Scuola Superiore Sant'Anna, Italy

List is not over

**Bostjan Batagelj**  
University of  
Ljubljana
