Submission instructions

Thank you for submitting a paper based on your research to FOAN 2022. Below you can find the instruction to prepare and submit the final camera-ready version.

Step 1: Prepare your revised final manuscript

1. 1 Reviewers' comments

Address all reviewers' comments and revise your paper accordingly before submitting the final camera-ready version. Please make sure that all Figures and Tables are of high quality and their content is easily readable. Please make sure also that your paper contains **no headers**, **no footers**, and **no page numbers**. This information will be added by the conference publication team.

Please make sure that both columns on the last page are the same length

1.2. Templates

All papers for FOAN2022 Proceeding have to be in A4 format,

The template cab be download from :
https://www.ieee.org/conferences/publishing/templates.html

Step 2: IEEE-Xplore-compatible PDF generation

2.1 Create a PDF file in IEEE standards

The final paper must be converted into PDF with settings compliant with the requirements of the IEEE Xplore digital library. To this purpose, the IEEE PDF eXpress web tool should be used. PDF files generated in a different way might not be IEEE Xplore-compliant **and could be rejected.**
The instructions to generate an IEEE-Xplore-compatible PDF file using the IEEE PDF eXpress PLUS web tool are listed below.

- Create an IEEE PDF eXpress account using the following

  conference ID: **56774X**

- The first time you access IEEE PDFeXpress, please follow the link to "**New Users – Click here**".
- After logging in, please upload the source files of your camera-ready paper for conversion (e.g. DOC, DOCX, TEX and so on). Alternatively, you can also just check the compliance of your generated PDF file.
- After a few minutes, you will receive the IEEE-Xplore-compatible PDF version of your paper by e-mail.

Step 3: IEEE copyright transfer form submission

To include your accepted paper in both the conference proceedings volume and the IEEE xplore digital library, one of the authors <u>must fill and sign</u> the IEEE copyright transfer form and return it to IEEE. The IEEE copyright transfer form can be filled in online easily through EDAS. To do so, please follow the procedure below:

- Login in EDAS
- From the "Home" tab of your EDAS account, click on the title of your accepted paper.
- Check that **the paper title and the authors list** are correct and correspond EXACTLY to those in the final camera-ready paper (NOTE: without the correct title and the complete list of authors with the right affiliations, the copyright transfer form is void and the paper cannot be included in the conference proceedings volume).
- In the EDAS table reporting the details of your paper (which is accessible by clicking on "My… ► My Papers ► <Paper title>" in your EDAS account), look for the entry called "**Copyright form**" and then click on symbol "**+**". You will be redirected to the IEEE website for electronic copyright form submission.
- Follow the instructions on the screen and reply to all questions.
- At the end of this procedure, the online IEEE Copyright Transfer Form will be displayed. Please date and write your name at the bottom of the Copyright Transfer Form and finally submit it.
- The form will be recorded in EDAS. A copy will be sent to you by e-mail.

Note: Never mind if you filled in the copyright during the first application, you should do it again.

Step 4: Final paper submission

Upload the PDF <u>validated by IEEE PDF eXpress plus</u> via the EDAS page of your paper before the September 2.

If you have any questions about the above steps, please contact one of cheirs.

Step 5: Registration

At least one author should be registered per paper and one registration fee should be paid by September 15. If you need more time to finalize a payment let me know.

FOAN2022 is co-located with ICUMT2022 and uses the same registration tool, please be informed that registration for FOAN2022 is valid for ICUMT2022 and vice versa.

The registration link is: https://icumt.info/2022/registration-form

When you finish registration, please send me a copy of the receipt.

FOAN2022 is planned to be a full physical event, paper that is not presented in physical form will not be sent to IEEE Xplore.

Covid-19:

if covid restrictions do not allow travel, please tell us in time.
