Dearest Hiring Manager,

I am elated to be writing to you regarding the internship opportunity at your organization! I would confidently say that music is a crucial part of my life, and has been since my early childhood. After visiting your website, I found so many incredible things about your company that I would love to be involved in!

My name is Abby Jayne Spades, and I am currently a freshman at Samford University, majoring in Commercial Music with a concentration in vocal performance. I did some research on the organization and role that I would be filling, and think I would be a great fit for the family!

Throughout junior high and high school, I was able to take part in numerous opportunities and organizations leading worship and performing commercially. I began leading worship for youth services at First United Methodist Church in Jonesboro, AR in the 7th grade, continuing on through my senior year. Second semester of 8th grade, I joined the main worship team for our two contemporary services on Sunday, and would later be brought onto staff as co-worship director and worship directory intern just before my senior year. I also was given the opportunity to lead in a HowToLife event my junior year, which is a ministry event organization completely run by high school students for high school students. Outside of worship leadership, I have also received so many opportunities to perform locally for various event types, professional and community theatrical productions, and in choral settings! Over the course of these 5-6 years, I learned so much about perfecting leadership and organizational skills, as well as working with others. I was blessed with so many chances to work in customer service, both in the music business and ministry aspects. Throughout this process I was able to work continuously in my music making and leading skills. I would absolutely say being a vocal performer has not only helped me grow in my faith and personal aspects of who I am, but also with the companies and amazing people I have had the pleasure to work for and with! I am so excited to continue that if I am able to serve, create, and perform somewhere new!

I have attached my resume below, and would love to speak more with you in person

All the best,
Abby Jayne Spades
