

Deline Homeowners Association
Meeting Minutes --September 8, 2015

ATTENDANCE: Neal Curtis, Peggy Franco, Andrea Goo, George Starkey, and Marcia Kauffman.

MEETING called to order at 7:03 p.m.

MINUTES: The minutes for August 11, 2015, was reviewed but could not be approved due to not having a quorum. These minutes will be passed out at October's meeting.

TREASURER'S REPORT: June was not at the meeting so no report, but Marcia talked to June and there is no news to report.

NEW BUSINESS:

NEWSLETTER: Andrea will have the newsletters out next month.

GREENWAY:

A homeowner has trees she would like to plant in the Greenway. We decided it would be good to plant them by the picnic table and/or benches on the south side of Deline.

MAILBOXES: George fixed three mailboxes that were broken. Thanks!

RV LOT: Matt Rosito reported (through Marcia) that there are four RV/trailers that have expired tags on them (#2, 12, 18, and 29). June will create a letter for Matt to mail out to violators.

CHICKENS -- Lot #384 (Brooks and Heather Karey): Chickens are still there! June was to send them another letter but since she was not at the meeting, we will discuss at next month's meeting.

CREATE NEW WEBSITE FOR HOA: Andrea passed out some information (see attached) regarding websites.

HOMEOWNERS' REPAIRS

No new updates.

NEXT MEETING will be October 13, 2015, at Andrea Goo's home. Next month Peggy will not be there and needs someone to do the sign for Greenway. Marcia will not be there either so needs someone to take minutes.

MEETING ADJOURNED at 7:40 p.m.

Create Your Ideal Site with the Best Website Builders

If you've ever thought that the skills needed to launch a website require years of schooling or a Ph.D. in geek-speak, think again. Today's website builders are a breeze to master, even for complete newbies. Find out how easy it is to create your own online outpost, and you'll be up and running in no time.

Disclaimer: We work hard to offer you valuable and reliable information about all of the products and services we review. In order to provide you with this free service, we use links on our site that provide us with commissions for referring you to the seller's site. We guarantee that this does not influence any of the material we present, but may influence the positioning on our site, and only supports our honest efforts to offer you the best and most thorough information possible.

We Make Website Building Easy!

If you're looking to make your own website, blog, or e-commerce shop, count on us to make things easy for you. There are tons of tools on the Internet that allow you to create websites, but researching and comparing all of your options can take as much time as building your site itself. Lucky for you, we've done all the legwork so you don't have to.

There's no need to hire a professional designer or developer when you use any of our recommended platforms. The website builders featured here are the best ones on the Internet, and our resources will teach you everything you need to know about how to make a website on your own. Even if you have no clue where to start when it comes to Web design, we'll help you get up and running in no time.

Reviews to Help You Choose

Not all website builders were created equal, and knowing which one is right for you isn't always obvious. Fortunately, the [reviews](#) on our site will help you make a smart decision by comparing the pros and cons of different tools. By reading comments from other people who have been in your shoes, you can figure out what awaits you before committing to any particular platform. And when it's time to choose, you'll feel confident knowing that you did your research and picked the best website builder for your business.

Our reviews will help you determine which builders are easiest to use, which are better for e-commerce, and which offer the greatest selection of [website templates](#) to select from. Whether you're considering using popular choices such as [Wix](#), [Weebly](#), [Web.com](#), or any of the other top builders, our reviews let you see what others are saying so you can choose the tool that is right for you and your business.

Insightful Articles Teach You All You Need to Know

Our growing library of helpful [articles](#) covers the ins-and-outs of the Internet, and can teach you about new trends and in-depth aspects of the website builders. So don't worry, even when the subject matter gets a bit geeky, the articles are easily read and absorbed, even for complete newbies.

From comparing features of the different website platforms, to discussing the latest advances in online technology, our articles span a variety of topics that affect websites and webmasters. We also have a ton of how-to articles that can help you create winning Web pages without breaking a sweat. No matter how much or how little experience you have with Web design, count on our articles to get you up to speed in no time.

What Are You Waiting For?

Learning how to create a website is easy when you use our reviews and articles to get started. And you have our list of the top 10 website builders right on this page! Regardless of which builder you end up choosing, our resources will help you create an online presence that you love. See for yourself when you get started today.

Got something to share? We always look forward to receiving feedback from our users, so feel free to reach out to us at any time. Just email your comments or suggestions to contact@top10bestwebsitebuilders.com, and we'll get back to you as soon as we can.
