

NO-COST MEMBER PRESCRIPTION DRUG BENEFIT

Vitori Health offers members the opportunity to get certain brand-name prescription drugs at no cost through our International Pharmacy Program. These medications are sourced through channels that are much more cost-effective than traditional prescription purchasing, including Canadian brick-and-mortar pharmacies. These are the same medications you are taking now at a fraction of conventional cost. This allows your cost share to be waived when you choose this option.

Here's how you can begin using the program:

- On the next page is a list of drugs that are offered. Only drugs that are on the Vitori Health formulary are eligible.
- Enroll by calling or emailing Customer Service below. A customer service representative will complete the enrollment process and order for you. You will be asked several questions related to your medical condition including any known allergies and for a list of the prescription drugs you are currently taking. **You should have those prescription drugs with you when you make the call.** You may also receive outreach calls periodically if you qualify for this benefit.
- Have your Physician prepare a prescription for a **90-day supply** with **3 refills** and FAX it to the Physician FAX number below (FAX must come from your physician's office). You will receive an automated reminder notification of a pending renewal/refill on or around day 60 of the last 90-day supply shipped. Shipping takes 10-15 business days from the date of completed requirements (Faxed Rx from Physician and initial call to Customer Service from the member/employee).

Customer Service [855-353-2879](tel:855-353-2879)

Customer Service Email info@electrx.com

Physician Fax [833-353-2879](tel:833-353-2879)

NOTE: Specialty drugs are usually 30-day supplies.

TIP: Have a 30-day supply on hand to allow for plenty of delivery time.
