

During a wildfire event

- ✓ Charge all cellphones in case of power loss.
- ✓ Know the local fire conditions and be prepared to leave at a moment's notice.
- ✓ Leave early if you are concerned. It may take more time than you think to evacuate due to heavier traffic and decreased visibility, or if you have small children, pets or livestock, or have physical challenges.
- ✓ Go promptly when told to evacuate.
- ✓ Don't drive out with trailers or large vehicles like RV's, especially if you are unfamiliar with operating them. A stalled or abandoned vehicle makes it hard for others to leave and first responders to get into the area.
- ✓ Keep your car windows up and the air conditioning on to prevent embers and smoke from entering the vehicle.
- ✓ Continue to listen for additional evacuation instructions.

After evacuating

- ✓ Make sure that everyone is okay once you are out. If someone is injured or not feeling well, get immediate assistance.
- ✓ Inform your designated contact as soon as you are safe.
- ✓ Don't return to your home until you are told you can safely do so.
- ✓ Follow safety guidance, including bringing in fresh water and other supplies.
