# ABOUT US

At Golden Tanning, our commitment to excellence is reflected in our multi-award winning family-run business. With years of experience delighting our customers, we take pride in our innovative approach to designing and creating high-quality tanning products. Through extensive research and development, we have perfected our tanning creams to meet the high standards of our customers, continuously striving to exceed expectations and deliver products that truly impress.

Our team goes above and beyond to secure each item in protective materials, guaranteeing that it arrives in pristine condition. By paying close attention to the packaging process, we aim to exceed customer expectations and leave a lasting positive impression.

At Golden Tanning, we continuously work hard to grow our brand, evolve our products and expand our knowledge in the tanning industry.

We strive to meet the highest standards of quality, safety and best practice, to give salons and customers the confidence to approach us and know their skin is in good hands.

We are proud to be a part of a community dedicated to sharing best practices and promoting safe, responsible tanning.

# THE IMPORTANCE OF SKIN HYDRATION

## Enhanced Nutrient Delivery

Water helps transport essential nutrients to the skin cells, ensuring they have the building blocks they need for a healthy appearance.

## Plump Supple Skin

Hydrated skin is more elastic, reducing the appearance of sagging or drooping.

## Balanced Oil Production

Hydrated skin has a better ability to retain moisture, reducing the need for excessive oil production.

Lotion  
Colour

White

Size

250ml / 15ml

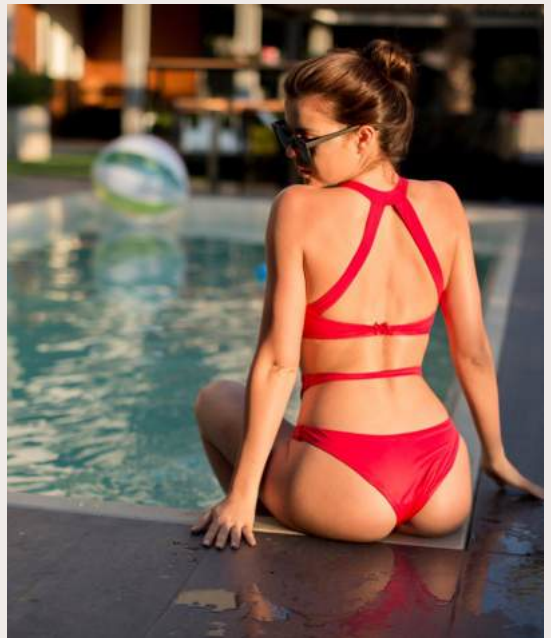

### CREAM TYPE: ACCELERATOR

Adaptogenic substances like Aloe Extract and Reishi Extract bring about positive effects on the skin, including moisturising, anti-ageing and calming properties. The firming and nourishing oil complex made from green coffee and hemp seed diminishes cellulite, enhances blood flow, and renews skin elasticity. The anti-photo ageing complex fights against the harmful impacts of intense tanning by rejuvenating collagen and keratinocytes and delivering antioxidant advantages.

## RED HOT!

Fragrance

Berry Spice

Lotion  
Colour

Pale Pink/Beige

Size

250ml / 15ml

### CREAM TYPE: TINGLE

The spicy cocoa complex includes cocoa fruit seeds, cinnamon, white pepper, and ginger to enhance blood flow and tanning, while the henna extract supports long-term skin pigmentation. A nutritional oil complex comprises olive oil, coconut oil, and hemp seed oil providing antioxidant benefits, deep hydration and deep moisturisation to soften the skin. Passion fruit oil is packed full of vitamin C providing nourishment for the skin, whilst the anti-photo ageing complex combats the negative effects of intense tanning and eliminates free radicals.

### CREAM TYPE: ACCELERATOR

WELL GEL offers ultimate hydration and tanning in a lightweight, quick-absorbing gel for a natural, long-lasting tan. It contains Pro-Vitamin D3 for UV protection and improved hydration, while African Birch extract boosts collagen and elastin for firmer skin. Kakadu Plum enhances antioxidant protection and collagen production, and Strawberry and Acai Berry extracts help regenerate cells and prevent photoaging. Watermelon extract hydrates and reduces redness, with photo-protective properties to combat skin aging. This refreshing gel leaves your skin smooth, nourished, and glowing.

## HYDRATED SKIN AND TANNING

### Tan Better, Tan Lasts Longer

Hydrated skin will not only tan better but will also keep its colour for longer.

### Tan More Evenly

Hydrated skin tans more evenly. Dry, flaky skin can result in patchy and uneven colour, as dead skin cells can block UV rays.

### Resilient Skin

Hydrated skin is better equipped to withstand the stress of tanning, reducing the risk of irritation and redness.

## OUR MISSION

At Golden Tanning, our mission is to protect skin and deliver high-quality products infused with the power of nature, ensuring effective and safe tanning solutions for our customers.

Taking care of you, your skin and your tan.
