

Our Inclusive Classroom

Inclusive preschool classrooms are in the best interest of all young children. In our classroom we strive to provide developmentally appropriate activities that meet the learning, behavioural and social needs of all children. We will give children tools for social interactions and conversations. Provide a visual classroom schedule so that all children know the plan for the day. When necessary, assist children with self-help skills. Provide children who struggle with communication with alternative ways to express themselves. Have high expectations for all children regardless of their ability levels. Treat all children with patience, kindness, and respect.

St. Mary's Primary School

St. Mary's Primary School caters for children, both boys and girls, in a co-ed setting from Junior Infants to Sixth Class. St. Mary's is proud of its standing among the fine schools of Edenderry.

Since September 2021 we are delighted to announce the establishment of our Early Intervention Preschool Class catering for pupils from three to five years of age with a diagnosis of Autism in line with Department of Education & Skills guidelines.

As you consider a school placement for your child the aim of this brochure is to provide information that we hope will be of assistance to you.

We are always available to talk to you, answer any questions you may have and give you a tour of our school if you so wish.
