

Ibn Saba Was Created to Absolve Ayesha

Syed-Mohsin Naquvi

Shias and Agha Khanis have built a religion which was not approved by Ali, Fatima, Hasan, Hussain, Zain al-Abedin.

Shi'ism is a fake religion created by Ibn Saba, Mukhtar, Bayan and other frauds.

Ali, r.a., did bay'at of Abu Bakr, r.a., Umar r.a., and Usman r.a.. So all this filth Zaheer Khan is throwing at the great khulafa is also an attack on Ali, r.a..

It used to be in the Nazi system and the communist system that if you tell a lie too many times, that becomes a truth.

No more. In this day of information explosion, lies will remain lies.

These are two biggest frauds perpetrated by the interest groups -- Imam Ali or any other member of the Ahlul-Bayt never did do bay'at to accept and approve any of the usurpers.

Ibn Saba is a fictitious character that was created to protect the political credibility of Hazrat Ayesha (r.a.) after the Battle of Jamal, a serious confrontation between a legitimately appointed Khaleefa and an Ummul Momineen. In that conflict, ten thousand believing Muslims died due to the wrongful stance taken by the Ummul Momineen. She was full of remorse for her wrongful step all her life. Reciting the Qur'an when she would come to the verses 33:30-33, specifically at the verse "*wa qaran fi buyoote-kunna...*", she would stop reading and start crying and she would cry so much that her *dupatta* (scarf) would be soaked in her tears.

She was stopped by another Ummul Momineen, namely Umm-e-Salama, as she was proceeding to that fateful expedition against Imam Ali, but she was misguided by Abdullah ibn Zubayr, his father Zubayr, and by Talaha ibn Ubaydullah to proceed.

To fudge the history, to obfuscate the truth, and protect the sanctity of the office Hazrat Ayesha (r.a) has held in history, her apologists created the character of Ibn Saba and put the blame for the Battle of Jamal on his non-existent shoulders.

Where the Bay'at of Imam Ali, Hasan and Husayn is concerned, there is just one simple rule. If they had accepted the previous khulafa as legitimate, Karbala would never have happened.

Karbala is the final touchstone which bares the truth and falsehood for everyone to see and it will exist in history as the decisive line between truth and falsehood.

So let Kaukab with his PH.D. and all others in his ilk keep chewing the cud of falsehood, it will not benefit anyone.

Kaukab has been exposed so many times, his lies have become so manifest and public that there is no need to repeat it. But he himself is so shameless that he goes on repeating his fabrications and falsehoods ad infinitum.
