Dear Friends,

Welcome to the first catalog of The Teacher's Voice. Within these pages you will find titles of hundreds of sermons, debates, and lectures recorded during the past twenty years. Now, for the first time, these lessons are being made available in a well organized format.

The collection of most titles represents the labors of Brother H.E. Phillips. Brethren from many parts of the country have contributed recordings to Brother Phillips' library and he personally has travelled thousands of miles to record others. Recently, we purchased this wealth of recordings. We're making every effort to continue to add new lessons of current interest and ask for your support.

Most of the speakers listed in this catalog receive no royalty payments from us. Their primary interest, as is ours, is to further spread the Gospel. We do return to Florida College a royalty on all annual lectureship lessons. Also, we have an exclusive contract with Homer Hailey that gives us the sole right to sell and distribute his lessons. We are copyrighting Brother Hailey's material as a protection of his well deserved royalties.

We shall continue to offer a complimentary tape to each speaker of his own lessons. In addition we give a 10% discount to all persons whose name appears in this catalog.

Hoping to Serve You in 1975,

Ken Embry and Dale Proffitt

We Need Your Help

We are aware that there will be many incorrect listings in this first catalog. This has been unavoidable due to incomplete and sometimes contradictory information. Please be patient with us and do send us corrections. Concerning Florida College Lectures, most titles were taken from announcements in old editions of Searching the Scriptures. Occasionally, no doubt, lectures that were scheduled did not take place or were not recorded. We shall modify our listings in future catalogs as discrepancies become evident.

A Note About Quality

Our equipment is some of the very best and we use new tape suitable for voice reproduction. However, there is never an ideal acoustical environment in church buildings or auditoriums for live recordings. Therefore, we can only offer the best reproduction that prevailing circumstances allow. Our pledge is to preserve the original voice as faithfully as humanly possible. We are not editors or religious commentators and do not alter the content of lessons in any way

Guarantee

We guarantee you a high quality reproduction of original master recordings. Obviously we cannot individually audit every tape we produce. Should you receive a bad copy, please return it for an exact recopy. We cannot refund your money nor can we substitute one tape for another. Occasionally the quality of the original recording is very poor. This is

especially true with tapes that were recorded years ago before really good machines were available. When we are aware that our master copy is of poor quality, we try to let you know this beforehand. Rarely, we may unknowingly sell a copy from a master tape of very poor quality. Should you receive such a tape and do not wish to keep it, we will be happy to refund your purchase.

Get on our Mailing List

As is readily apparent, we have chosen a three ring loose leaf format for our catalog. This will allow us to send you new entries from time to time. So please make sure that your name is on our mailing list. We'd like to encourage you to select a good quality binder to keep your catalog in and keep it handy for ready reference.

We also sell Equipment

In the back of this catalog you will find a listing of a few of the high quality Panasonic and Sony tape recorders that we sell. You'll find our prices competitive and the selection tempting. Buy your next recorder from us.

How to Order

Postage

We prepay all postage and send tapes via a special library rate. Should you require First Class or Air Mail delivery, we must charge you the difference.

Sales Tax

Only Kentucky residents are required to pay sales tax. Kentucky residents please remit a 5% sales tax.

Formats Available

We sell both Cassette and Open Reel tapes. We use C-60 and C-90 cassettes and 5 inch reels of 900 ft.; 7 inch reels are available in 1200 and 1800 ft. lengths

In open reels we copy at 3 3/4 i.p.s. in either 2 tracks (one lesson in each direction) or 4 tracks. Be sure to order the correct format for the machine you own. Two track recorders cannot play 4 track tapes. However, a 4 track machine can play both 2 and 4 track tapes.

Time Notation

Our prices are figured on the amount of tape we have to use. Therefore, the length of each lesson dictates what we must charge for it. We have devised a system of time notation in the catalog to help you determine your cost.

To the left of each entry you will find a number followed by a dash. The number tells you the approximate length of that lesson or the number may suggest a series of lessons on the same subject by the same speaker. Examples follow:

1 - Homer Hailey, "Fellowship and Discipline"

This should be interpreted as a lesson by Homer Hailey of about 60 minutes in length that you can order either as one C-60 cassette or one track of a 1200 ft. tape.

18- Homer Hailey, Florida College lectures on Job, 1971
This indicates eighteen separate lessons of about 60 minutes each on the book of Job.

½ - means the lesson requires one forty-five minute track or less. Therefore a C-90 tape could contain two such lessons. A 5 inch reel would use one side to record it.

1*- the asterisk indicates that the lesson is more than sixty but less than ninety minutes long. Lessons with this kind of notation require C-90 cassettes or 5 inch 900 foot open reels (forty-five minutes to the side) or a 7 inch 1800 foot reel with ninety minutes per side.

Tape Recorders

We urge you to consider buying your next recorder from The Teacher's Voice. We handle the entire tape recorder line of both Sony and Panasonic. We were not able to include actual photographs of our models however, we are including descriptions of a select group that may be of interest. All recorders are fully warranted by the manufacturers and repairs when needed may be done in regional centers located throughout the country.

All equipment sales are cash in advance. We also request that you forward an additional 10% of the price to cover insurance and transportation. Any unused portion will be refunded. Prices are subject to change, however in every case prior notification will be given before shipment should an unexpected increase occur.

Write for a free illustrated brochure covering those recorders for which you are most interested. Call upon us at anytime to discuss your tape recording needs.
