Interior Design & Fit-Out Services

We offer comprehensive interior design and fit-out solutions that combine creativity, functionality, and quality craftsmanship. Our services include space planning, concept design, 3D visualization, material selection, bespoke joinery, and complete turnkey fit-out execution. From residential and commercial spaces to retail, hospitality, and offices, we manage every stage of the project—from design development to final handover—ensuring timely delivery, cost efficiency, and adherence to quality and safety standards. Our goal is to create well-designed, practical, and aesthetically refined spaces tailored to client requirements.

Design Collaborations – Türkiye, Ethiopia & Maldives

We have collaborated on a wide range of interior design and fit-out projects across Türkiye, Ethiopia, and the Maldives, delivering functional, context-responsive, and high-quality design solutions for public infrastructure, corporate, healthcare, residential, and luxury hospitality sectors.

Key projects include the **Bursa Metro Project in Türkiye**, involving interior coordination for large-scale public transport infrastructure; the **Social Housing Project in the Maldives**, focused on efficient and durable living environments; the **IDPC Head Office in Ethiopia**, designed to reflect corporate identity and operational efficiency; and the **HAWE Hospital in Ethiopia**, emphasizing patient-centric planning and healthcare standards. In the luxury hospitality sector, we contributed to **Cocoon Island, Maldives**, featuring underwater luxury villas that integrate innovative design, premium materials, and immersive spatial experiences.
