▼ READ ME FIRST			
	READ ME FIRST	* No rules on subreddit	
	READ ME FIRST	ALWAYS read sub rules before you post. Most NSFW with ban you and not reverse it.	
	READ ME FIRST	Try not to make your post sound like an advert. Describe your picture/vid or try to draw in users. They are more likely to click on your post and in turn your profile, where you should have your links pinned.	
	READ ME FIRST	When you post to reddit DO NOT put your link in the title. Your post looks SPAMMY and will most likely be removed, AND users can't even click it. Put your link in the comments IF the subreddit allows advertising.
