

LAYDEN WINDOW CLEANING IS COMMITTED TO SERVING YOUR COMMUNITY

We are committed to bringing you a sense of normality in these absurd and difficult times so if there is anything we can do to put your mind at ease with extra cleaning services or just a friendly chat please do not hesitate to reach out.

We promise to ensure that our presence does not increase the risk of infection to any of our customers or staff and we will be taking the following precautionary measures:

- All staff will have the upmost regard for personal hygiene by washing hands repeatedly
- Disposable gloves will be changed regularly and masks will be worn when in close proximity
- We will keep the recommended 2 metres from customers during limited face to face encounters
 - If our staff show minimal symptoms they will stay at home
- We will disinfect 'high touch areas' such as doorways, door handles, door bells and handrails.
 - We will still be accepting cash but please pay by bank transfer/standing order if possible
- If self-isolating cash payments can be left in a safe place, just drop us a text or email to arrange
 - All paperwork you receive will be handled with the highest regards to sanitation

Our thoughts and prayers go out to you and your loved ones throughout this difficult time.

Best wishes and stay safe,

Philip Layden
