About Us

The vision of Semillitas Early Learning Center was planted in 2012 by a group of experienced early childhood educators. Their vision was to provide a high quality, nurturing, and engaging Spanish Immersion Infant and Toddler program that embodied the values of cooperation and partnership between administration, teachers, and parents. We offer an engaging, play-based program that involves the whole child, encouraging social, and intellectual growth, while empowering each child to explore their natural curiosities and develop at their own rate.

As a participant in the DC Capital Quality childcare program, we are dedicated to maintaining a safe and caring environment. We provide responsive and individualized care and implement intentional learning routines and experiences.
