Corporate Donor

Your help is needed!

The [Konrad Reuland Foundation](#) was created after Konrad Reuland suffered a brain aneurysm and passed away in December 2016 at the age of 29. Although he was taken from us so young, Konrad lived his dream. After playing football at Mission Viejo High School, Konrad played for and graduated from Stanford University and played in the NFL for both the New York Jets and the Baltimore Ravens. His enthusiasm and passion for life was exceptional, as was his love for his family and friends. Even after his passing, Konrad helped save or improve the lives of over 75 people through successful organ and tissue donations.

Who The Foundation Helps
