

Use and Care Instructions

Thank you for your purchase from Turning South Texas!

Now that your natural wood product has arrived, we have a few little tips to keep your new purchase looking good and doing the job it was intended to do.

1. Your bowl, vase, etc. will have been shipped to you ready to use.
2. If you have purchased a vase, please keep in mind that the vase is NOT waterproof. If you'd like to insert a vessel of some sort to hold water, that is perfectly fine, just be sure that the vessel does not overflow. Occasional cleaning with a damp cloth and the application of a good furniture oil will keep your vase looking beautiful.
3. If you have purchased a bowl, dry foods and other decorator items can be displayed in the bowls, and certain foods will be fine served from the bowl. Dry foods like undressed salad, bread, tortillas, etc. will not harm the bowl. Just wipe clean with a damp cloth and allow the bowl to dry completely before placing the bowl in an enclosed space like a cabinet.

As we add different products to our lineup, we'll add additional information. Use and care instructions will be shipped with every product.

Again, thank you for your purchase, and please visit our web site by scanning the code below.
