Further there is also a difference in the timings for the secretariat employees and the section employees in marking the attendance in APFRS. Further, option for applying the Half Day CL, Earned Leave and 5 days extra CLs to Women employees are not enabled in the APFRS app so far.</p> <p>As per the discussions held during the 6th General Body meeting, it is opined to appraise the above issues to the APAEEA, State Body with a request to appraise the same to the higher authorities of WRD.</p>

Discussion on Problems faced by the AEE's both Service and Technical related issues

Resolution
Taken:

Various problems faced by the section level officers were discussed during the General Body meeting such as levying indents on AEEs, Less Sub-staff allotment to Drainage division when compared to the Irrigation division, forcing the section level officers to prepare the budget proposals (budget proposals have to be prepared by the staff of Division office), Creation of agreements in CFMS etc.

Keeping in view of all these issues, the APAEEA, WG dt (erstwhile) has assured the members that, timely intervention and appropriate action shall be initiated against such issues keeping in view the well being of all the AEEs in the Association.

It is decided to follow a standard procedure in dealing with such issues, like whenever an issue arises in a particular division, the respective division coordinator from APAEEA WG Team along with the AEEs working within the division shall meet the concern Executive Engineer, escalate the issue and ensure amicable solution is achieved. If the issue is not settled in the first instance locally, then the APAEEA WG district executive team shall intervene, consult with the higher officers of the department and ensure amicable solution is achieved, such that the interests of the AEEs are protected. We are happy that, APEEA WG District body has already intervened in few such issues within the district and could resolve the issue locally with the intervention of respective division coordinators.
