New Client Checklist

Please have the following ready for the clinic teams during their regularly scheduled visits. There is no need to fax the items in advance. Our clinic team will gather what they need and process the paperwork.

- ___ Order for *“Wound Care Plus to Eval and Treat”* received from Primary Care Physician or Medical Director
*****Surgical wounds created in last 90 days must have order from surgeon approving *“Wound Care Plus to Eval and Treat”* due to 90-day global period*****
- ___ Consent for Services and HIPAA Authorization (7 pages)

The clinic teams will need the following items pulled or readily available for rounds. Delay in having these items prepared will result in a delay with clinic:

- ___ Face Sheet
- ___ History and Physical
- ___ Insurance Cards
- ___ List of Current Medications
- ___ Applicable Labs or Tests (Last 3 months)

Please have the above items gathered and ready for clinic rounds

If the client was previously on services with Wound Care Plus, LLC just the order is required to start services again. Please obtain a new order for *“Wound Care Plus to Eval and Treat”*. If you have *“standing orders”* for WCP to Eval and Treat, we just need a copy of the Physician Order Sheet (POS) showing this order.

Remember:

We can treat all payor sources (Med A Skilled, Medicaid, Medicaid pending, Private Insurance, Hospice, etc). We can treat all kinds of skin and wound issues (pressure, arterial, diabetic, pemphigoid, rashes, stalled skin tears, blisters, etc).
