

# Scent Direct

Scent Direct™ is a flexible system that maximizes scent delivery over medium-sized target areas. Advanced atomization technology releases a fine, invisible mist that can create fragrance zones or an all-over fragrance experience.

**Product Name:** Scent Direct

**Connected or Manual Controls:** Connected & Manual

**Coverage:** Up To 3,000 sq ft (279 sq m)

**Mounting Options:** Vertical: Wall, Track, Shelf, Ceiling Mount

**Service Available:** Scent Full-Service or AMP Self-Service

**Product Maintenance:** None

**Great for creating zoned impressions in large and medium spaces, like hotel lobbies, large retail stores, medical offices and casino slot rooms.**

## **Advanced Atomized Technology**

Releases fragrance in particles 1/50th the size of aerosol

## **Patented Fragrance Delivery System**

Fan-assisted fragrance delivery for maximum scenting performance

## **Flexible Scheduling Options**

Create custom scent schedules and adjust scent intensity
