DISCOVER DANCE

Curious about trying it all?

Discover Dance is the perfect class for young dancers who want to explore different styles each week. Throughout the session, dancers will be introduced to a different style of dance, including ballet, jazz, musical theater, contemporary, and hip hop. Each week focuses on the fundamentals, technique, and unique personality of that style, helping dancers build confidence, versatility, and a stronger overall foundation while having tons of fun. To wrap up the experience, dancers will tap into their creativity by choreographing their very own routine during the final class — giving them the chance to express themselves and showcase everything they've learned.
