SOMERSET
FIRE & RESCUE SERVICE

Are you a senior driver looking to gain confidence on the road or update your knowledge of the Highway Code?

FREE DRIVING SAFER FOR LONGER COMMUNITY WORKSHOPS

Devon County Council and Red One are committed to helping people to retain their independent mobility whilst remaining safe on the road, that is why we are currently offering FREE Driving Safer for Longer workshops. Driving is one of the riskiest activities we are likely to do in our lives, and yet once we pass our tests, many of us have no further training!

Driving is an ongoing skill, make sure your skills are up to date!

The workshops last approximately 1.5 hours and take place at a location, date and time that suits you! A community hall, drop-in centre, or social club would make a fantastic venue. There are no maximum number of delegates however, we do require at least 10 participants.

We will also provide the workshop organiser with a **FREE** driving assessment. This one hour assessed drive with one of our friendly local driver instructors will give advice about your driving performance and a written report at the end the assessment.

**Call 01392 444773 for more information or to
arrange your FREE workshop!**
