Accessibility Statement for Beaworthy Parish Council Website

The Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 requires that accessibility standards are met by 23 September 2019. Beaworthy Parish Council are actively working towards making this website compliant by that date.

We want as many people as possible to be able to use this website. For example, that means you should be able to:

- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

How accessible is this website?

- We know some parts of this website aren't fully accessible:
- you can't modify the line height or spacing of text
- some PDF documents aren't fully accessible to screen reader software
- you can't skip to the main content when using a screen reader
- The accessibility regulations don't require us to fix PDFs or other documents published before 23 September 2018 if they're not essential to providing our services.
- We aim to ensure that any new documents we publish meet accessibility standards.

Reporting accessibility problems with this website
