**To Whom It May Concern:**

Julie Langley, ID 7803210036083, has been employed with CBI Electric : African Cables since 01 February 2009 (7 years).

Julie commenced as an Office Assistant and was promoted to Contracts Administrator on 01 November 2015.

During the course of her employment Julie reported directly to me, the Project / Regional Manager. She was also responsible for the Office Assistant employee who reported directly to her.

There were numerous occasions when there was intense work pressure with tight deadlines and Julie handled it very well.

In my experience Julie is a very friendly and trustworthy employee. She was often called in after hours to assist with emergencies and was always more than happy to assist.

I believe that Julie would be an asset to any organisation as she always brings out a positive and productive working environment in any task she undertakes.

Julie always makes an effort to make our customers and suppliers feel like part of the CBI family.

It is with great regret that we heard the news of her leaving CBI Electric to move to Port Shepstone to get married, but we trust that she will find the right job and wish her luck in her future endeavours.

Kind regards,

**Letter of Referral – Julie Rembold**

Julie has been assisting me for the past year in my practice as a chartered accountant.

Julie is fully responsible for preparing the payroll for all my clients on a monthly basis and has proved to be dependable and responsible in performing this duty. The work has been excellent and of a high standard and requires minimal input from me.

Julie is also responsible for performing all my client company secretarial work. She maintains all the annual CIPC returns for all my client companies and also performs other company secretarial work as required from time to time.

Julie has taken tremendous pressure off me by performing not only the above but various other work assignments and is a pleasure to work with. I can honestly say she would be of great benefit to any business who needs her assistance.

RE: Testimonial for the work done by Julie Rembold during School lockdown (2020)

I am a Grade 6 teacher at Izotsha Primary School and teach Julie Rembold's daughter, Mickayla Deysel.

At the beginning of School Lockdown in March 2020, Julie willingly offered her services to be the Parent Administrator on our Grade 6 WhatsApp group. She set up all the necessary email accounts and cell phone numbers.

This was not an easy task navigating through a new way of education online.

Julie was extremely co-operative assisting parents in this regard.

Julie also helped me with installing, implementing and learning new programs and ways of preparing worksheets. She helped me with Excel worksheets and converting worksheets into PDF, using the fill and sign insert method. This was very useful to parents and children because they were able to use the PDF format to complete their work instead of printing out the worksheets.

Julie also introduced the Grade 6 community to the Dropbox: she created files and folders which she made accessible to all the parents. She accessed and downloaded reading material to the children and parents which was greatly appreciated by everyone.

Much of her time was spent helping, guiding and encouraging parents, teachers and children alike. Her administrative and computer skills are excellent and made online education easier and simpler. She answered every question, either I or any parent, had difficulty with, regarding computer technology and skills.

I established good communication with her during this time, and she gave me valuable feedback as to what the parents were feeling through the challenges faced. This, in turn, helped me to find balance with work load and expectations.

I am extremely grateful for the positive impact Julie had on our e-learning approach, and for equipping me and the parents to new levels of educating the children.

To my mind and for our purposes of educating the children online, Julie proved herself worthy of the computer skills necessary to empower and train others. An outstanding quality has been her initiative, without which her skills would have been much less effective during this challenging time.

Yours sincerely

Mrs Carmen Neethling (Grade 6 teacher)
