

Common Ground Shoreline Ramp Guidelines

Notes:

1. Owner must submit a request and stake out proposed location prior to go ahead by the Board of Directors.
2. Maximum size and location from property lines are shown on this sketch.
3. Materials must be native flat stone or Purchased flagstone and the finished surface must be no higher than 1-2 inches above the surrounding ground, light to dark brown in color. Boulders are not allowed.
4. One ramp per residential lot. If a new location is chosen the old ramp must be removed.
