Core Competencies

E.A.S.T. PROTECTIVE SERVICES TRAINING LLC specializes in providing **highly trained security personnel** to safeguard **federal, state, and commercial property**. Our expertise includes:

- ✓ **Armed & Unarmed Security Guards**
- ✓ **24/7 Security Patrol Services**
- ✓ **Access Control & Entry Point Screening**
- ✓ **VIP & Executive Protection**
- ✓ **Emergency Response & Crisis Management**
- ✓ **Event Security & Crowd Control**
- ✓ **Surveillance & Monitoring Services**
- ✓ **Workplace Violence Prevention**

Past Performance

E.A.S.T. Protective Services Training LLC has a proven track record of delivering high-quality security services across multiple industries, including healthcare, hospitality, and education. Our experience includes:

Christiana Care Health System – Provided **armed and unarmed security personnel** for healthcare facilities and warehouse operations. Responsibilities included **access control, security patrols, and asset protection** in compliance with healthcare security protocols.

TKO Hospitality – Delivered **comprehensive security patrols and crowd management services** for multiple hotels under this hospitality group, ensuring the safety of guests, staff, and property.

Ursuline Academy – Supplied **armed security personnel** for **sporting events and special functions**, enhancing campus safety and emergency response preparedness.

Our management team has over 20 years of combined security experience protecting clients in both the public and private sectors.

Differentiators

What sets E.A.S.T. Protective Services Training LLC apart:

- ✓ **Highly Trained & Certified Personnel** – Our security officers undergo rigorous training in CPR/BLS, customer service, verbal de-escalation, and defensive tactics to ensure professionalism and readiness. When required, our personnel are also certified in firearms, OC spray, handcuffs, and baton usage, meeting all regulatory and contractual standards.
- ✓ **Rapid Deployment & Scalable Workforce** – We maintain a flex security pool, enabling us to quickly deploy trained personnel for short-notice assignments, emergency response, and surge requirements.
- ✓ **Advanced Security Technology & Real-Time Monitoring** – Our GuardsPro-powered security management system provides real-time incident reporting, GPS tracking, and patrol tour monitoring, ensuring accountability and operational efficiency.
- ✓ **Regulatory Compliance & Quality Assurance** – We strictly adhere to all federal, state, and industry security regulations, ensuring that every guard is fully licensed, trained, and compliant with contractual and legal requirements.
