

REFERRAL SERVICES

IN-BOUND REFERRALS

For patients coming from their home country through medical assistance or insurance to receive treatment in KSA. We ensure smooth transitions and coordination between international and domestic healthcare providers.

INTRA-BOUND REFERRALS

For patients already located in KSA who do not hold a residence permit and are seeking treatment through their insurance or other means. Sage coordinates their access to top medical care within KSA.

OUT-BOUND REFERRALS

For patients located in KSA seeking treatment outside the country, Sage facilitates coordination with international healthcare facilities, ensuring access to the best treatment options abroad.

WHAT DIFFERENTIATES SAGE?

Personalized and tailored solutions depending on patients case, needs and preferences.

Seamless integration of international patient referrals through partnerships with international service providers.
