

Where Good Stewards Meet Their Environment

Reviewing NEPA Documents

The goal of this 2-day course is to equip the student with skills to review the full range of NEPA documents, including Environmental Impact Statements (EISs), Environmental Assessments (EAs), Findings of No Significant Impacts (FONSIs), and Records of Decisions (RODs). Participants will concentrate on setting review priorities, reviewing for compliance with the law, reviewing for quality and readability, and preparing review comments.

Objectives

- Confirm appropriate environmental analysis.
- Create strategies in applying effective feedback.
- Establish whether review priorities have been set.
- Use the CEQ format to guide document reviews.
- Identify issues for tracking and document consistency.
- Check for document quality and readability.

Audience

- Federal, State, and Local agency environmental officials
- Environmental and Engineering Consultants
- Oil & Gas Environmental Professionals
- State and Local Transportation Officials
- Private Sector Stakeholders
