

Jimmy The Cricket Tours

Friday, October 22, 2021

Depart at 7:30 a.m.

\$120.00 due by October 14

Just an hour from Smyrna in Lawrence county resides a community of Old Order Amish who still live “in their own world” - without electricity or modern conveniences. Learn intensely about this “Plain Folk” and their fascinating religion and tremendous culture and why they arrived here just after World War II. We will visit their farms where you can be among these lovely pious people and purchase their wares - from lye soap to buggy wheels to farm fresh goods of every description. We might even get lucky and catch them doing sorghum the old-fashioned way! There will be fried pies, fresh churned butter, warm baked breads and peanut brittle involved! And just for us there will even be a rare Question and Answer session to satisfy your curiosity. We will enjoy a fabulous catered lunch and explore all kinds of odds and ends in this charming community. The day will not end with the Amish so come and be a guest of Jimmy the Cricket for this one-of-a-kind tour like no other and enjoy some added surprises that are still being planned. In case of changes beyond our control, something suitable will be done in place of these events.
