# The 33rd Annual Young Artists Competition

“United in Hope”

## Submission Guidelines

**DEADLINE: Friday, March 19, 2021**

### Theme:

The COVID-19 pandemic is a unique phenomenon in that it has affected every country around the globe. However, as is common in tragedy, hope shines through for those who persevere. [Hope is a uniting force during this time](#) as people struggle to cope with its ongoing effects and once again start to imagine a life without social distancing or wearing a mask. Indeed, the younger generation is capable of dreaming of a human existence that is even more dynamic, more advanced, and more resilient than ever before.

Students should explore the following questions [through the lens of citizen diplomacy and include creative ways that we stand together looking toward the future.](#)

How can the next generation of citizen diplomats help communities respond during and after the pandemic? In what ways does international experience affect an individual or community’s ability to stay hopeful? What are some examples or illustrations of coming together and celebrating our hope in humanity and its future? What are some unique ways that your city, country, or culture has proven to be hopeful during the past year?
