

## TO AM TO TEAM Richard Saillant

### The needs and challenges of French immigration

The presentation will review the demographic trends of the French regions of New-Brunswick to be able to meet the actual and future needs regarding the work force of every region. It will also show the data related to French immigration and how to meet and solve these future challenges.

## 11:15AM TO 12:15PM Florence Poirier-Duhamel & Dylan Michael Lord

### Racism and cultural diversity

The **Caravane of cultural diversity and racism** is an interactive workshop that invites the participants to think critically about issues related to race, ethnicity and racism. These topics will be introduced for a better understanding of the system of racial oppression, such as the notion of privilege, intersectionality, micro aggression, racial profiling and discrimination. Discussions following the workshop will hopefully create a more egalitarian and inclusive environment and openness to diversity.

## 1:15PM TO 2:15PM Marion Huber

### Develop your cultural skills

Come and learn more about the journey of immigration, the challenges before, during and after arriving in Canada. Adjustment, settlement and integration are some of the many steps to take when moving to another country.

## 2:25PM TO 3:25PM Kim Chamberlain

### My experience with immigration

Living together, the Francophonie here and abroad. Come and share your experience with immigration. From workplaces or from everyday life, come and discover anecdotes and experiences told by New-Brunswickers and immigrants living in our province.
