

FLONQ **ULTRA**

FLONQ ULTRA

Limitless Excellence

Flonq Ultra

The next-generation device: smarter, with a sleeker design inspired by the elegance of yachts and surfboards.

It provides a remarkable 20 000 puffs and features a soft-touch body, LED display and BOOST mode.

Control and precision

Cuenta con una moderna pantalla LED, que indica los niveles de batería y líquido en tiempo real.

Boost mode

The activation of the BOOST mode enhances your experience several times over!

It maximises the evaporation power, providing maximum flavour intensity and vapour production with every puff.

On the wave

The shape of the device are inspired by the grace of first-classyachts and surfboards. The device features a soft-touch body and a sleek design, while each crafted element is refined.

Flonq Ultra embodies sophistication, power, and elegance, inviting exploration of new horizons in vaping.

Convenience meets style

Flonq Ultra has a built-in aperture that lets you attach a lanyard, keeping your device always within reach while adding a touch of style to your look.

Whether you prefer to wear your device around your neck or wrist, Flonq Ultra empowers you to stand out from the crowd.

Say goodbye to fumbling for your device at parties, gatherings, or events – with Flonq Ultra, style and convenience are always at your fingertips.
