Parking Lot Safety Guidelines

To ensure the safety of our children, please adhere to the following guidelines. Your cooperation is appreciated and expected.

First dismissal pick up parents (K – 2nd grades) must park their vehicles and pick their child up from the appropriate location. No waiting in the pickup/drop-off zone.

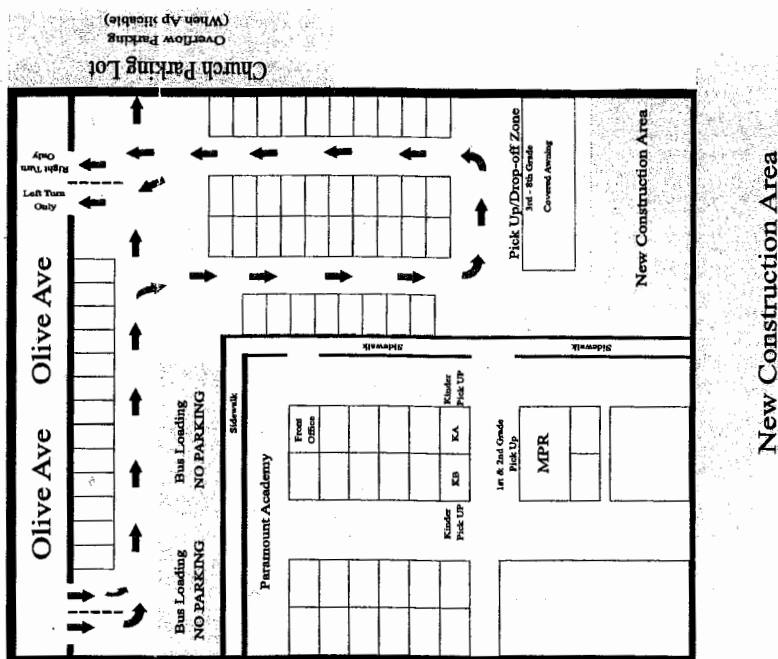

- Kindergarten- Picked up from the classroom
- 1st – 2nd Grades – Picked up from the teacher outside the multipurpose room.

Second dismissal pickup parents (3rd – 8th grades) should not get into the pick up line until kids are present in the pick up loading area under the awning at the south end of the parking lot. Parents may choose to park in a designated parking spot and walk to pick up their students.

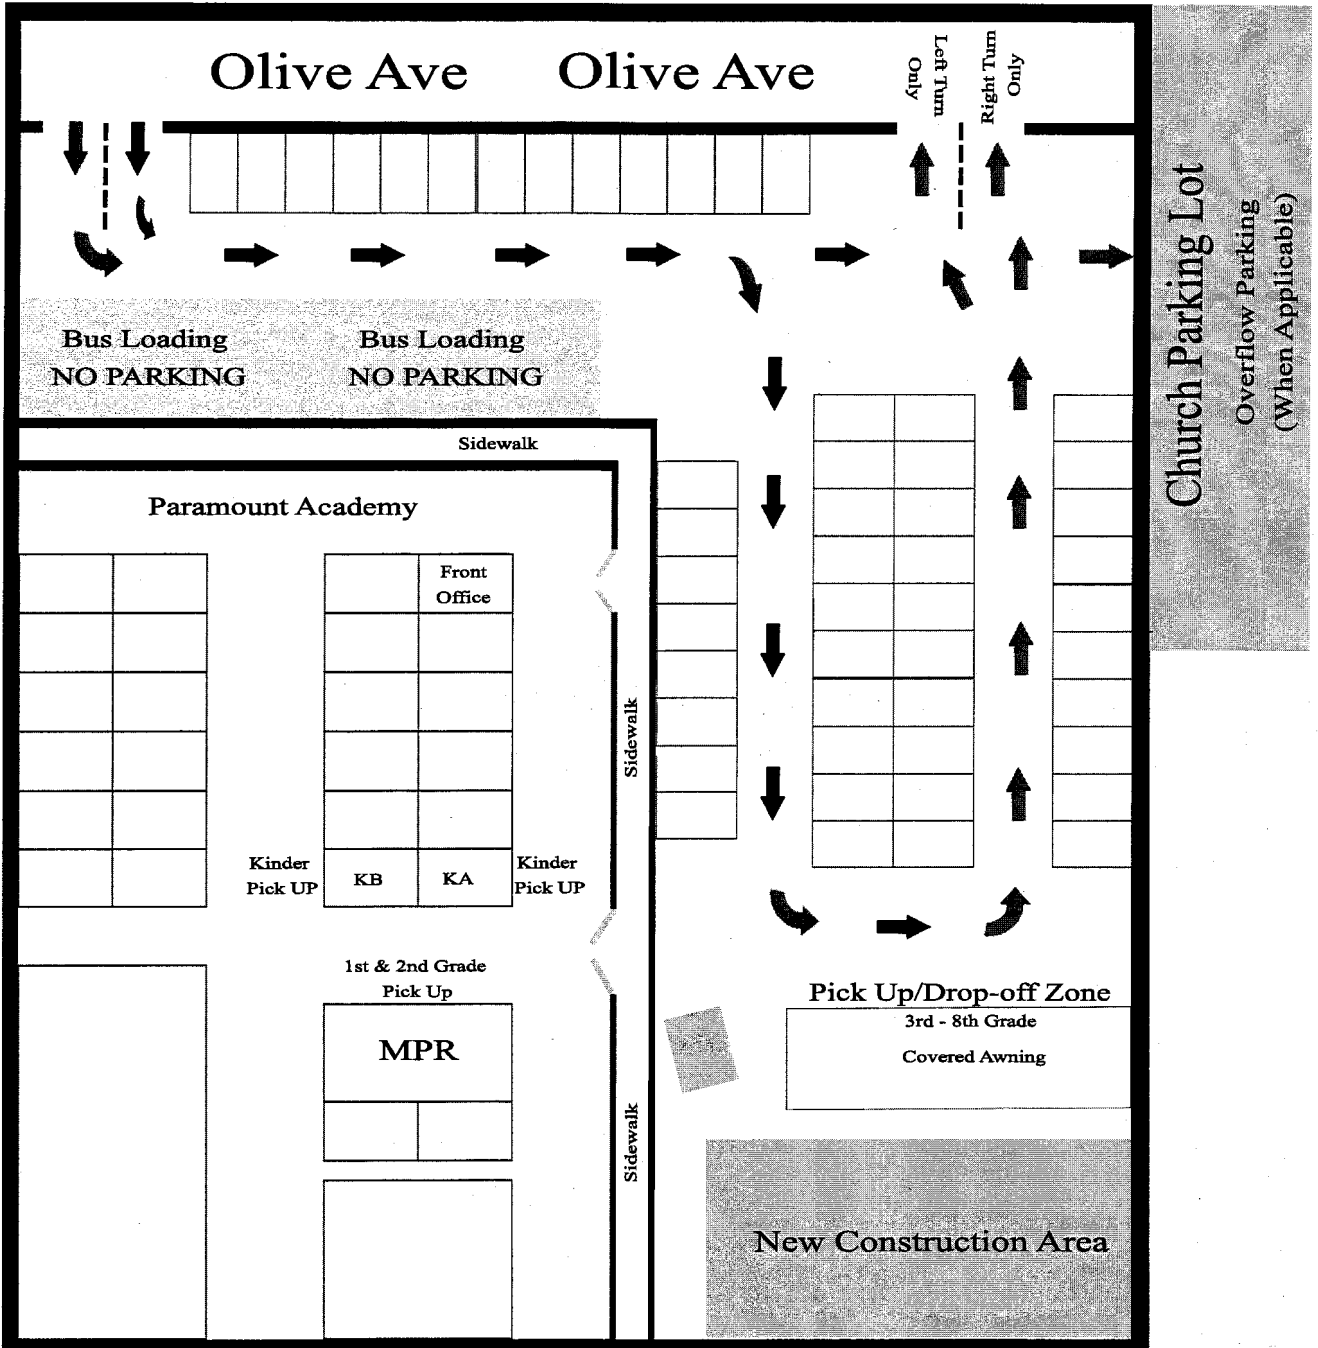

Drive in the direction of the arrows shown on the accompanying map. Please pick up and drop off quickly. **Do not form a second lane unless directed to do so by school personnel.** Do not go against the flow of traffic.

No vehicle may be unattended/parked in the pick up/ drop off zone. This is a loading lane only so you may move up when appropriate. In other words, parents are not to leave their cars to 'run' and pick up their child from their teacher, from an afterschool program, or our Extended Ed program.

Pick up and drop off times are not designated Parent – Teacher Conference times. If you must speak with a teacher you must park your vehicle and wait until all of the teacher's students are picked up. It is best to call the office and set up an appointment with the teacher if you need to speak with them.

Parents who do not follow the rules and guidelines of the parking lot will be contacted by the school and may be denied the privilege of driving on campus, having to park offsite and walk to pick up child/children.
