# WHAT IS THE RISING SIGN?

Your Rising Sign, also called the Ascendant, is the sign rising on the horizon at the moment you were born.

It's the gateway your soul chose to enter this life through—the archetype your soul came to apprentice with in this lifetime.

Where the Sun shows your fuel and the Moon your ancestry, the Rising Sign reveals your path of initiation. It's not a mask you wear—it's a sacred teacher, guiding you toward growth, awakening, and deeper alignment with your soul's purpose.
