Table Systems

Adaptable lab furnishings have become an integral part of most lab layouts. Our table systems offer a great selection of products that provide a flexible, durable and affordable way to meet your needs, now and into the future.

Painted Steel Casework

Painted Steel Cabinets are developed specifically to meet the demands of modern laboratories. Easily configured into wall, peninsula, and island assemblies. Fisherbrand Lab Furnishings provides comprehensive laboratory casework offerings from a single cabinet platform.

Chemical Fume Hoods

Fisherbrand Lab Furnishings is proud to partner with Labconco, combining our expertise to deliver complete lab solutions. While Labconco provides high-quality fume hoods and biological safety cabinets, we handle the casework, installation, and project coordination. Together, we ensure a seamless integration of equipment and furnishings for a fully functional, safe, and efficient laboratory environment.

Glassware Washers

Designed to handle over 5,000 configurations of labware, these Labconco washers feature interchangeable racks, inserts, and baskets to meet a wide range of lab cleaning needs. Their CleanWorks™ OS ensures consistent, repeatable cleaning results, supported by lab-grade components built for long-term use in demanding environments.
