To Know Christ and to Make Christ Known

August 5, 2019

Dear Parents and Guardians,

It is time for us to begin the registration process for our Sunday morning Religious Education program at Mother of Perpetual Help. For those families planning to continue your faith journey with us this year, welcome back! Your desire to be a part of our program is the best compliment you can give us. If you are new to us, welcome to our community! We think you will LOVE being part of our RE program!

We offer classes based on the elements, traditions, and teachings of the Catholic Church. We incorporate dates for attending Mass, completing Service projects, and enjoying Family Events, allowing us to focus our faith, in action, to engage others.

Please take the time to read through the enclosed materials thoroughly to complete the registration process and to be informed of the program fees and scheduled dates. If you are planning to have a child participate in 1st Communion or Confirmation this year, please notice there is information specifically for sacrament preparation.

Our first day of Sunday morning RE classes is September 15, 2019. When you arrive, all parents and children will meet in the gym for a brief introduction of our team of volunteers and to receive instructions regarding our check-in process.

Lastly, to be successful, we need to be able to accommodate ALL children with the necessary materials and so, I ask that you please return your completed registration form by the **DUE DATE of Monday, August 26th! *There is a paper copy enclosed or you can download the PDF found on our website www.mphwa.org.***

RETURN VIA:

US mail to our Parish office at the address above

Email to becca@mphwa.org or office@mphwa.org

I look forward to teaming up with our wonderful volunteers to support your family's growing love of GOD!

Take care and enjoy the remaining moments of summer with your loved ones!

Graciously Serving,

Becca Bojarski
