## About FreeState Flow Solutions

FreeState Flow Solutions, Inc is a solution based stocking distributor of valves, actuation, instrumentation, and mechanical specialty equipment commonly utilized in the industrial market. Headquartered in Olathe, KS, FreeState Flow is centrally located to serve our customers in Kansas, Missouri, Nebraska, and Iowa.

In 2010, after many successful years working for Tyco Valves & Controls, Brian Wozniak founded the company to better support the requirements of the local customer base long term. FreeState Flow maintains inventory of core products in our 10,000 sq/ft office/warehouse in Olathe, KS. We boast one of the most experienced and technically savvy sales and customer service teams in our market.

FreeState Flow is aligned with leading manufacturers that are commonly specified and offer the technical solutions that our customers demand for their plant processes. Our customers are rewarded with superior technical support in addition to exceptional pricing on the products we sell. We hope to earn the opportunity to support your operation as well.

Brian Wozniak  
President
