 Immune Support

 Digestive Health

 Stress & Sleep Support

 Respiratory Support

 Skin & Wound Care

 Anti-Inflammatory

GROWING TIPS

 Most medicinal herbs thrive in full sun with well-draining soil.

 Water consistently but do not overwater.

 Harvest in the morning for best potency.

 Dry herbs in a cool, shaded area.

IMPORTANT NOTE

Herbs are not intended to diagnose, treat, cure or prevent any disease. Always do your research and consult a healthcare professional if you are pregnant, nursing or taking medication.

SPECIALTY Plants

Unique. Beautiful. Functional.

Attract Pollinators

Enhance Your Garden
