Code of Ethics

In my position as a Certified Medical Billing Specialist®, I understand and accept the responsibility of liaison between patient, provider, and insurance carrier. I do voluntarily endorse and abide by the Medical Association of Billers Code of Ethics.

As a professional, it is my responsibility to:

- Provide accurate, honest, and timely information to my provider.
- Never disclose personal, medical, or financial information about my provider without consent.
- Provide patient information only to those insurers, government agencies, health care providers, or facilities necessary for the prompt payment of health insurance claims for my provider.
- Never willingly or knowingly be party to the submission of fraudulent claims information to insurers or government agencies.
- Advance my knowledge through continuing education for the betterment of my profession.
- Avoid conflict of interest situations through open and honest dialog with my provider.
- Maintain current knowledge of applicable laws and regulations and observe them in the practice of my profession.
