Standards of Certification and Professional Conduct

MAB members holding certification shall commit to and abide by the following standards of certification and professional conduct:

- Accept the responsibility of liaison between patient, provider, and insurance carrier.
- Provide optimal professional medical billing and coding services.
- Practice medical billing and coding activities with honesty, integrity, and lawfulness and avoid engaging in any criminal or fraudulent activity.
- Maintain knowledge of and obey all local, state, and federal laws and regulations.
- Never willingly or knowingly be party to the submission of fraudulent claims information.
- Comply with HIPAA standards of confidentiality and provide patient information only to those insurers, government agencies, health care providers, or facilities necessary for the prompt payment of health insurance claims.
- Maintain certifications according to MAB's continuing education requirements to advance professional knowledge and skills.
