

Mike,

Please take this letter as notification that I have received your little notes from your little OPD clients. My answer is a resounding "HELL NO!" I had plans to write individual responses to each of your clients detailing all of their indiscretions but I am busy living my life and don't feel like putting the extra work in. So, I am going to give you a gift and lay out my case for you. I am going to let you know exactly what my motives are and what my next moves will be. I do this to save us all some time and money in legal fees. Well, you will actually lose money, but whatever...

A few things about me:

1. I am single. I know you're probably thinking "How can that be?" I get that a lot;
2. I have never been married. No ex-wives or husbands. Again....I KNOW!
3. No kids. I owe nothing to no one.
4. I have my pension at Captain's pay, currently don't have a job, nor am I looking for one.
5. I don't care if I lose my entire savings. I couldn't think of a better way to spend my money.
6. My internal affairs jacket is solid as a rock and welcomes scrutiny in court.

My plan and goal:

1. I will, with 100% guarantee, file counter lawsuits Pursuant to Neb. Rev. Stat. 25-21,241 through 25-21,246. Not sure if you have heard of a SLAPP suit but your clients are trying to file one against me. Since you might not know what a SLAPP suit is, it is a Strategic Lawsuit Against Public Participation (SLAPP) law suit. Your clients are trying to silence me because they don't like that I am sharing the truth. So, I would file what is known as Anti-SLAPP lawsuit and I will seek the maximum damages under the law.
2. Just so you know what I have been doing (because your clients have no idea what they are walking into), this isn't just something that happened and I got mad and posted online. I have been working on developing my legal argument for about a year and a half. I have filed A LOT of Freedom Of Information Act (FOIA) requests. Michele Bang and "the todd" have tried to avoid my questions and I have been patient. I knew if I waited long enough OPD was going to mess up and over step boundaries and boy did they! I am very excited! They over responded! Now I am working my magic and will get them into court. Did you hear me? MY WHOLE GOAL IS TO GET OPD INTO COURT! I want that for your clients as well. I AM REID SCHOOLING YOUR CLIENTS! Baiting them. Soooooo, I got even more excited when I got your notes! The very thought of going through discovery with them brings me joy. Tell them all I can't wait to ask all those questions that no one else knows to ask.
3. So, everything I said is either true or I said "allegedly" and I will explain each case for you so you can go over them with your clients. In poker terms, I am "all in." Are they going to fold or call? I literally have nothing that they could take from me that I wouldn't give freely.

Here are my summaries:

little john- He failed as my personal union leader and I will speak to my journey with him in court. It all really happened to ME. NOT DEFAMATION. FYI, you may need to dump everyone as a client, at least little john. I believe your other buddy Corrigan was my attorney during a couple of lawsuits where little john messed up. I don't know if you have a conflict of interest since your firm would be witnesses and part of the lawsuit. Just saying. I will say though that I think it was Corrigan but I am not 100% sure. My experience with that attorney was so forgettable I don't recall. I might be wrong. Just saying.

The remaining Bearheels three: What they don't know is that I was working a robbery operation that night and heard everything and I was the mental health expert for the department at the time. I was brought in to consult on the case and was possibly going to testify in the grand jury. I believe I was not called to testify because I would of testified against them. I am sure the Bearheels family would love to hear what I have to say for their civil trials. I will be reaching out to them anyway. They messed up and yes let's go back to court and open that all up again during a BLM movement. I want that. I need that. So please do. I will keep coming. I am not done with my investigation with them yet. Court will make it much easier for me.

Curd/Weidner - They "allegedly" attempted to search a phone without a warrant of a woman in order to stalk her. Let's just say my little website has got my blue canaries talking to me and I am pretty sure I know what happened. Now I just have to get to court to prove it. I'm thinking OPD, Curd, or Weidner never let her know about how they attempted to illegally search her phone. An attempted warrantless search of a phone couple day suspension and back to the unit. My goal is to find that information or report and make sure she knows about it. I feel that a second (mine will be first) civil lawsuit might be headed your clients' way. This particular event started this whole thing for me. I want to expose them sooooooo bad. Yes, sue me. PLEASE!! Save me from filling my writs of mandamus in district court. Oh yes, that is coming.

Ferrel- He personally sexually harassed me. I filed paper work. It's all there. He did get kicked out of homicide for lying in a homicide trial. We can relive that and all the wrong things he did that were questionable while he worked for me. This would include (but not be limited to) all the alleged indiscretions that were brought to my attention regarding extracurricular activity in many areas while working for me.....oh and then MY SEXUAL HARASSMENT that happened to me. NO DEFAMATION. Bring it Bruce, you haven't met me in years and you have no idea how strong I have become. If we go to court I would bet you wouldn't keep that Wahoo gig.

Who else is there? Oh,.....worthless Amy and Jodi. I could go on and on and on and on and on about these two but I don't feel like puking. They don't have an ounce of integrity to stand on. I would take them for what little they have. Jodi and Amy will be getting my cease and desist orders for their Facebook comments and IA complaint for Jodi. I will make sure they are exposed for what they really are. I know them from outside of work and I know a lot about their extracurricular activities as well.

I really do like George as a person but he is overbearing and lacks social skills at times. George has stated and done things in the past that you just shake your head at. As I told George, I put "allegedly" all over his post and if he is truly a whistle blower, then come forward and I will help him expose "the todd." Otherwise, I put "allegedly" all over it and I don't think he wants to fight a war on two fronts right now.

I don't even know why Brian spent money on you. He posted on Facebook that he didn't know if he should be "flattered or insulted by being left out" of my website. I didn't want to hurt his delicate feelings (I am being sarcastic) and leave him off the page. Everything else I posted about Brian, I pulled from public domain. Let's go Brian! I need some spending money and he needs to be brought up again during this BLM movement. He got off easy for the amount of time he spent in the headlines.

I think I got everyone. I do find it funny how all the senior staff knows just to sit back and take the public shaming because they don't want to open Pandora's box.....oh the inappropriate jokes that are being made right now.

Since your clients extremely underestimated me and got you involved there will be consequences for those actions. I want a written apology from each one of them (on that nice

paper you sent me the cease and desist on) to me. They each need to apologize for threatening me with a SLAPP suit. The apology letters will be posted on-line next to their cease and desist letters that will be going up soon. If I do not get an apology letter then I will post details of each of the cases I have against them. I will post the facts that I know and give opinions about things that I can not confirm in a section called "Here Kitty, Kitty" (name subject to change). It's where I bait them with facts and some of my opinions about them. Freedom of Speech baby!!!! This way they will keep making mistakes and go to court or get to file IA complaints on them like Tony and Jodi. I will be looking for the letters or the court papers. The choice is theirs.

It's Colene, Miss Hinchey if you're nasty.
