

My School Preschool

My School Preschool was founded in 1971 in Littleton, Colorado as a 501c3 nonprofit corporation. Over the years the school has been housed in Denver, Cherry Hills Village & since 2008 in Greenwood Village. The MSP community owes its longevity to joint cooperation between the Board, the Director, the Teachers and the Families. At My School Preschool our aim is to support the 'whole child'.

Programs range from Parent-Tot to Pre-Kindergarten. Each class has two lead-qualified teachers and the smaller class sizes and ratios provide for optimal experiences for your child.

MSP understands that preschoolers develop and learn best:

- By interacting with caring adults
- Through active, hands-on play and learning
- By connecting new ideas and skills to what they already know and can do
- By exploring and making sense of their world
- Through teacher-guided learning

At MSP we engage in Developmentally Appropriate Practices and focus on the whole child:

- Physical Skills
- Social & Emotional Skills
- Language & Literacy Skills
- Thinking (Cognitive) Skills

MSP Teachers support children by:

- Creating a caring classroom community of learners
- Teaching to support children's development & learning
- Planning & adapting curriculum
- Assessing children's development & learning
- Developing relationships with families
