### Derrick L. Foward Visionary Leadership Scholarship Impact Statement

My name is Raquel Gonzalez from Stivers School for the Arts. I am the recipient of the Derrick L. Foward Visionary Leadership Scholarship Award. I am honored to represent the Dayton Unit NAACP by receiving this award for my vision as a future entrepreneur. I chose to apply for this award because I love the business field. As I read the guidelines before participating I knew that this scholarship was for me. This opportunity allowed me to create a business plan, using my creativity in a unique way while creating my vision! I have always been a planner, so creating a business plan was not only fun but also beneficial to my future. In preparing this business plan I was able to experience the necessary steps in creating a business and learn what would be important to me personally as a future entrepreneur. I would encourage EVERYBODY to apply for this scholarship, especially if you are interested in business and this is your forte, because it leads to creativity and deeper thinking in order to create a plan that reflects what is important to you.

### Derrick L. Foward Visionary Leadership Scholarship Impact Statement Con't

In choosing to apply for the Derrick L Foward Visionary Leadership Scholarship, I knew that I would be able to apply the things that were important in my own life and create it into a business plan that would benefit others. The Derrick L. Foward Visionary Leadership Scholarship is a special award that is fit for any applicant. With hard work, creativity, and expressing personal interests anybody may have the honor to win this award. President Foward's dream for this scholarship was special as he created an award where students would have the freedom and responsibility to begin planning a vision for their future after college. I will have the opportunity to pay for books and other expenses in college because of President Foward's generous scholarship. I am thankful for this award because it allowed be to produce a business plan that I could use in my future. I would recommend every student to participate in this opportunity because, much like me, you may be surprised at the outcome by winning the scholarship!
