

OFFICE OF THE GOVERNOR

California Agriculture Fair Season

It is my pleasure to welcome you to the 2025 California fair season!

From the first fair of the season in February to the last in late October, fairgrounds across the state are busy planning for one of the largest events of the year. These annual fair events have so much to offer.

At the fair, you can expect to find the traditional corn dogs, cotton candy, and carnival rides. In addition to these delicious treats and fun entertainment, you can also enjoy competitions, exhibitions, and educational activities. Your participation as exhibitors helps promote the importance of agriculture and food production throughout our state.

Aside from the annual fair, California fairgrounds remain busy hosting a variety of other events throughout the year. Most of these events are fun and festive celebrations that represent the culture and diversity of the communities that surround the fairgrounds. However, our fairgrounds are also amongst the first to serve in times of despair during emergencies and evacuations.

As resiliency centers, our fairgrounds provide safe shelter and build community preparedness as hazards like wildfires, floods and extreme heat become longer lasting and more frequent in California. During disasters, the fairgrounds offer a place to stay with kitchen and sanitation facilities, showers, and other resources.

Our fairgrounds are so important for our communities and so are exhibitors and advocates like you! Thank you for your many contributions to the continued success of the fairgrounds.

Sincerely,
