

# EMERGENCY MANAGEMENT

## COMMUNICATION

# SHARES Program-FCC

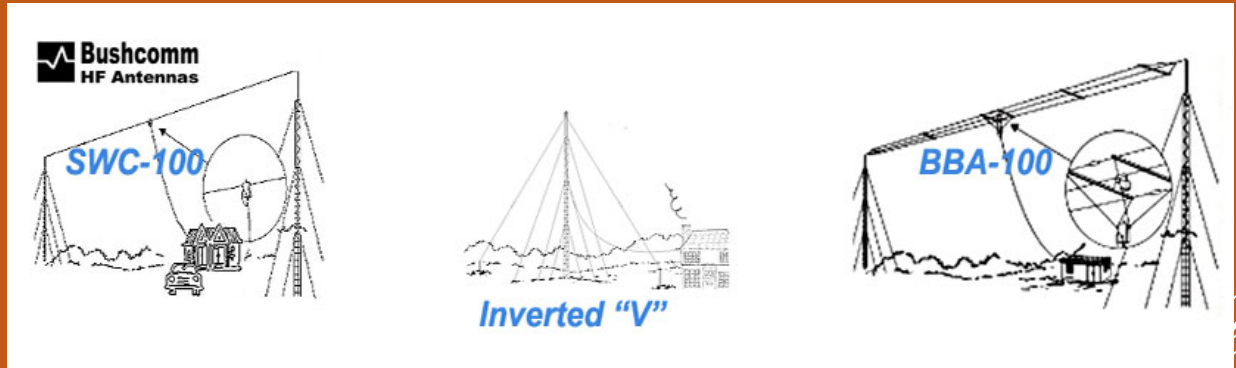

The SHARed RESources (SHARES) High Frequency (HF) Radio Program, administered by the Department of Homeland Security's (DHS) National Coordinating Center for Communications (NCC), provides an additional means for users with a NS/EP mission to communicate when landline and cellular communications are unavailable.

This means we will be able to use the radio system to talk, send emails and communicate with other government agencies, our local responders, Tribes and State Emergency Operation Centers-

We currently **HAVE** this License for our Tribe to use!

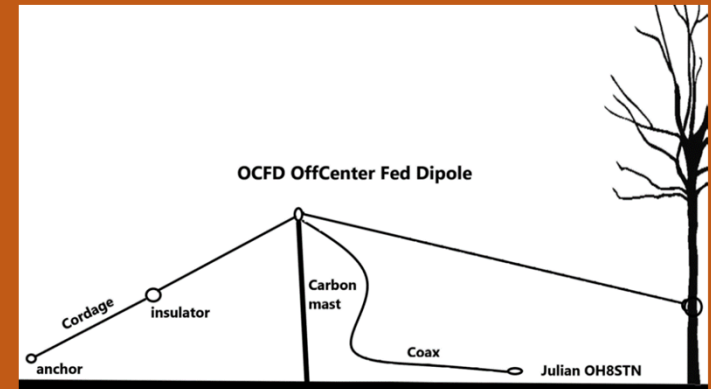

# BACKUP RADIO SYSTEM

INSTALLED ON EM ROOF FOR BEST RECEPTION

We are working on this with our IT Department, the State EMD and our local EM Department TO HAVE AT PS BUILDING

# BACKUP FIELD RADIO SYSTEM

We are working on (2) of these PORTABLE units to take anywhere for use as an EMERGENCY RADIO SYSTEM
