R&D TAX CREDIT

Sheetmetal Fabrication

Mock and Associates, LLC is dedicated to your company's success by assisting in the reduction of your tax liability. Many companies are unfamiliar with the fact that the government offers lavish incentives to those who qualify. The incentive is the Research and Development (R&D) Tax Credit. M&A will facilitate the process to help make your business gain competitive advantage, expand faster and increase overall profit.

What activities qualify for R&D Tax Credits?

R&D Activities which qualify a company for Tax Credits, can be overlooked by a company due to lack of knowledge. Manufacturers of all kinds often falsely believe they do not qualify because they are manufacturing outputs for their customers who provide prints and specifications. Examples may include the following:

- Sales Force
- Activities to promote scrap reduction
- Advancement in ways to improve product quality and/or manufacturing processes
- Creating and implementing new manufacturing methods and fixtures
- Developing & building new soft tools or fixtures
- Quoting & Evaluating new alternatives

Points of Focus:

- | | | |
|--------------|-----------|----------------|
| • Assemblies | • Design | • Turret |
| • Fixture | • Welding | • Quality-PPAP |
| • Prototype | • Laser | • Flat Blank |
