

Salsa Steel Drum Band

What we do:

We perform on Steel Drums for grounds acoustically and with portable PA for backing tracks & vocals or perform on stage. We are self contained so able to move from spot to spot or take the stage. We pass out around free leis, are experienced, flexible and easy to work with. We play up to 5 sets a day. We can light up the drums for night time and have a huge set list that can accommodate several themes to go along with your themed days. We ask \$600 per day per man. Minimum 2 people.
