1. Why isn't this being put to a referendum? Why is twp. securing higher interest bond when districts gets better rates?
2. Why so little money towards the WOFD? Our FD is receiving the least amount of money. Over 1/3 of what money we will spend on recreation.
3. Why invest so much now when the Mayor has suggested the library be moved to Essex Green as part of that development project?
5. Why spend so much on 20 parking spaces when twp will be given quadruple the amount of spaces for FREE by Chase across the street? \$110,000 for ice bumper facility is not necessary. We have other priorities in town, including seniors, WOFD, ...AND if the twp. is arguing shared services with schools, why not repair the schools? Including the air quality at the HS, painting hallways, learning gardens, etc.?
6. LED Lights: Where, how many, how much each, by who, when...?
