Troubleshooting

- **A team may say: “Some of my players/coaches are missing!”**
 - Only Approved players/coaches will appear on the app. If the player/coach is not yet approved by the NPSL, they won't be visible for roster selection on match day
- **If a Team Sheet or Team Officials section needs to be edited:**
 - The referee crew are the only ones able to edit these sections from 45 min prior to kickoff, up until kickoff
 - Work with the team to enter the information accurately, by ticking the boxes next to each player and assigning them the correct jersey number & position

IMPORTANT

~~DO NOT~~ *tap the START button before, or during the match!*

- The START button initiates “LiveScoring” in the app, which we do not want to do. It changes the entire behavior of the app and will cause problems downstream for everyone.
- The START button should only be tapped AFTER THE MATCH IS OVER
- DO NOT tap the START button at half time! Only AFTER THE MATCH IS OVER
